

AR Daniel Construction Services, Inc.

History and Representative Projects

AR Daniel Construction Services, Inc. was incorporated in March of 2005. Art Daniel brings his thirty years of underground construction experience to the company to serve as President and is responsible for all field operations of the company in addition to the sales and marketing of the company.

AR Daniel Construction Services, Inc. specializes in trenchless construction by various methods including boring, auger boring, and tunneling. A representative project list for AR Daniel Construction Services, Inc. is also attached.

At AR Daniel Construction Services, Inc. safety is a priority. Art Daniel serves as the person primarily responsible for safety, demonstrating the safety philosophy that safety is a basic value of the company from the newest laborer to the ownership of the company. This commitment to safety resulting in the company experiencing zero incident rates in 2009 and 2010, reaching over 1200 days without a lost time accident from 2008 and into 2011.

AR Daniel Construction Services, Inc.

Representative Project List

2012

LBJ Express Comprehensive Development Agreement for TxDOT – Subcontractor to Trinity Infrastructure for the installation of 48” RCP by jacking, double barrel 8’x8’ Reinforced Concrete Box by jacking, double barrel 8’ x 6’ Reinforced Concrete Box by jacking, double barrel 6’x 5’ Reinforced Concrete Box by jacking, double barrel 84” RCP by jacking.

LBJ Express Comprehensive Development Agreement for TxDOT – Subcontractor to North Texas Contracting for the installation of triple barrel 9’x5’ Reinforced Concrete Box and triple barrel 10’ x 5’ Reinforced Concrete Box.

North Tarrant Express Comprehensive Development Agreement for TxDOT – Subcontractor to Bluebonnet Constructors for the installation of double barrel 7’x 4’ Reinforced Concrete Box by jacking; 84” RCP by jacking; 7’ x 6’ Reinforced Concrete Box by jacking; 9’x6’ Reinforced Concrete Box by jacking; and 11’x6’ Reinforced Concrete Box by jacking;

2011

City of Lubbock Lake Allen Henry Treated Water Contract G-2 – Subcontractor to Western Summit Constructors. Installed 1600 LF of 72” tunnel for 36” and 48” waterlines.

TxDOT Lubbock District US 82 – Subcontractor to Lane Construction. Installed 600 LF 4'x2' Reinforced concrete box culvert.

City of Lubbock Lake Allen Henry Raw Water Pipeline Contract C – Subcontractor to Garney Construction, Inc. Installed 500 LF of 66" Casing for 48" raw waterline.

TxDOT Fort Worth District Bus US 287 – Subcontractor to Texas Sterling Construction, Inc.. Installed 380 LF 9'6" diameter tunnel for drainage under active railroad

2010

TxDOT Tyler District Loop 281 – Subcontractor to Knife River Construction. Installation of 18' RCP – 36" RCP for storm drain.

North Texas Municipal Water District Wylie Treatment Plant Repairs – subcontractor to Archer Western, Inc. Installation of fifteen 9' diameter inspection 30' deep shafts at pump station to inspect leaking water lines.

TxDOT Atlanta District IH 30 – 2nd tier subcontractor on Austin Bridge and Road project. Installed 36" RCP for storm drainage in wet sand.

TxDOT SH 130 – 2nd tier subcontractor to Cintra/Zachry joint venture. Installed 60" RCP storm drainage line.

UPRR Louisiana – Subcontractor to Jay Reese, Inc. installed multiple barrel 84” and 60” drainage line under active railroads.

UPRR Texas – Subcontractor to Jay Reese, Inc. Installed multiple barrel 60” and 48” drainage lines under active railroads.

North Texas Municipal Water District Westside Replacement line– Subcontractor to Bar Constructors. Installed 3200 LF of 72” tunnel for 48” waterline.

2009

City of Arlington Offsite Sanitary Sewer Improvements – Installation of 530 LF of 54” tunnel for sanitary sewer. Subcontractor to Ark Contracting.

City of Irving Lake Carolyn Parkway – Installation of 900 LF of 16” through 60” casing for sanitary sewer and waterlines. Subcontractor to LH Lacy.

USACOE - Sheppard Air Force Base Ops Ramp -- Installation of 40 LF of 48” casing for storm drain under active taxiway at SAFB. Subcontractor to Duininck Brothers, Inc.

TxDOT – Loop 12/Hwy 114 Interchange – subcontractor to Mario Sinacola & Sons Excavating, Inc.. Installation of 36” RCP, 8’x 6’ RCBox; 8’x5’ RCB; 8’ x 4’ RCB; 5’x4’ RCB; 4’x4’ RCB; and 66” steel encasement for waterline.

Dallas Co. Houston School Road improvements – Subcontractor to Cash Construction, Inc. Installation of 100 LF of 8' x 10' RCB;

City of Garland Anchor Point Relief Sanitary Sewer – Subcontractor to North Texas Contracting, Inc. Installation of 1600 LF of 24" casing and 48" Tunnel Liner Plate for 12" sanitary sewer.

TxDOT Tyler District Loop 49 – Subcontractor to Longview Bridge & Road, Inc. Installation of 48" & 30" RCP

City of Mesquite South Mesquite Creek Sanitary Sewer – Subcontractor to Wright Construction, Inc.. Installation of 530 LF 78" Tunnel Liner Plate for sanitary sewer.

2008

Road to Six Flags – City of Arlington/Stiener & Associates GloryPark. Installation of 1700 LF of 30" and 36" Hobas pipe in tunnel. Subcontractor to ARK Contracting on Austin Bridge & Road CM project.

TxDOT Kaufman Co. Hwy 198 – Project No. STP 2002(021); Control No.: 0443-02-013. Installation of 644' of 30" RCP and 102' of 48" RCP for storm drainage. Subcontractor to Texas Sterling, Inc.

City of Arlington John Kubula Water Treatment Plant – installation of 100 LF 48” steel casing for waterline. Subcontractor to Archer Western Construction, Inc.

TxDOT Lubbock Co. – Project No.: STP 2008(421); Control No.: 0880-04-026;
Installation of 206’ 36” RCP and 46’ of 4’x3’ RCB for storm drainage. Subcontractor to Duininck Brothers, Inc.

North Texas Municipal Water District Rowlett Creek Sanitary Sewer – Installation of 210 LF 48” and 400 LF of 54” casing for sanitary sewer; Subcontractor for Wright Construction.

City of McKinney Custer Road Waterline Relocations – Installation of 1000 LF of 36” – 54” casings for waterlines. Subcontractor to North Texas Contracting.

2007

City of Plano – Dallas North Trunk Sewer – Installation of 58” 235 LF of tunnel liner plate for 36” sanitary sewer line. Subcontractor to North Texas Contracting.

Dallas Area Rapid Transit – NW 2 – Installation of 58 LF of 66” & 195 LF of 72” tunnel liner plate for 54” RCCP waterline. Subcontractor to Renaissance Contracting Partnership on Archer Western CM project.

Dallas Area Rapid Transit – NW 1 – Installation of 76LF 96” steel casing for 72” RCP; 80 LF 66” steel casing for 48” RCP; and Installation of 100 LF 42” steel casing for 30”

RCCP waterline under active heavy rail freight and passenger line. Subcontractor for Dowager Construction on Archer Western Contracting project.

Dallas Area Rapid Transit SE 2 – Installation of 140 LF 48” RCP storm drain under active railway. Subcontractor for Dowager Construction on Archer Western Contracting project.

Texas Department of Transportation – IH 10 @ Horizon Blvd. Installation of 142 LF of 42” steel casing for 24” RCP. Subcontractor to JD Abrams.

Texas Department of Transportation – Mountain Creek Parkway project. Installation of 435 LF 48” casing for 36” RCCP waterline. Subcontractor to Texas Sterling Construction. Project is 50% complete, phasing of construction has delayed completion.

City of Irving – Grauwylers Road reconstruction. Installation of 100 LF 60” tunnel liner plate; 80 LF 54” casing; 80 LF 48” casing; for various water and sanitary sewer lines. Subcontractor to Texas Sterling Construction.

North Texas Municipal Water District – East Fork Supply Pipeline. Installation of 431 LF of 108” tunnel for 84” water pipeline. Subcontractor to Bar Constructors, Inc.

2006
